## SAFETY DATA SHEET

Issue Date: 09/29/2015  
Revision Date: 09/29/2015

**1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING**Product identifier

Product name PURE SILICONE

Recommended use of the chemical  
and restrictions on use

Product code 891.142

Product Type

Extremely flammable aerosol

Synonyms

None

Supplier's detailsRecommended Use

No information available.

Uses advised against

No information available

Manufactured For:

Winzer Corporation  
4060 E. Plano Parkway  
Plano, TX 75074

Company Phone Number:

800-527-4126

Emergency telephone number

24 Hour Emergency Number: INFOTRAC 1-800-535-5053 (USA & Canada)

## 2. HAZARDS IDENTIFICATION

**Classification**

|                                                    |                |
|----------------------------------------------------|----------------|
| Skin corrosion/irritation                          | Category 2     |
| Serious eye damage/eye irritation                  | Category 2B    |
| Reproductive Toxicity                              | Category 2     |
| Specific target organ toxicity (single exposure)   | Category 3     |
| Specific target organ toxicity (repeated exposure) | Category 2     |
| Aspiration toxicity                                | Category 1     |
| Flammable aerosols                                 | Category 1     |
| Gases under pressure                               | Compressed Gas |

**GHS Label elements, including  
precautionary statements**

## Emergency Overview

**DANGER****Hazard Statements**

Causes skin irritation

Causes eye irritation

Suspected of damaging fertility or the unborn child

May cause respiratory irritation. May cause drowsiness or dizziness

May cause damage to organs (Central nervous system, Eyes, Peripheral Nervous System, Respiratory System, and Skin) through prolonged or repeated exposure.

May be fatal if swallowed and enters airways

Extremely flammable aerosol

Contains gas under pressure; may explode if heated

**Appearance** Clear**Physical state** Aerosol**Odor** Solvent**Precautionary Statements - Prevention**

Obtain special instructions before use

Do not handle until all safety precautions have been read and understood

Wear protective gloves/protective clothing/eye protection/face protection

Wash face, hands and any exposed skin thoroughly after handling

Do not breathe dust/fume/gas/mist/vapors/spray

Use only outdoors or in a well-ventilated area

Keep away from heat/sparks/open flames/hot surfaces. — No smoking

Do not spray on an open flame or other ignition source

Pressurized container: Do not pierce or burn, even after use

**Precautionary Statements - Response**

If exposed or concerned: Get medical advice/attention

Specific treatment (see first aid on this label)

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

If eye irritation persists: Get medical advice/attention

IF ON SKIN: Wash with plenty of soap and water.

Take off contaminated clothing and wash before reuse

If skin irritation occurs: Get medical advice/attention

IF INHALED: Remove person to fresh air and keep comfortable for breathing.

IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician  
Do NOT induce vomiting

**Precautionary Statements - Storage**

Store locked up

Store in a well-ventilated place. Keep container tightly closed

Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F

**Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant

**Hazards not otherwise classified (HNOC)**

None

**Other information**

- Toxic to aquatic life with long lasting effects

No information available

**3. COMPOSITION/INFORMATION ON INGREDIENTS**

| Chemical Name              | CAS-No     | Weight %* |
|----------------------------|------------|-----------|
| PROPANE/ISOBUTANE/N-BUTANE | 68476-86-8 | 45-55     |
| HEXANE                     | 64742-49-0 | 35-45     |
| PETROLEUM DISTILLATES      | 64742-47-8 | 1-10      |

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

**4. FIRST AID MEASURES****First aid measures for different exposure routes**

|                     |                                                                                                                                                                                             |
|---------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eye contact</b>  | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Keep eye wide open while rinsing. If symptoms persist, call a physician.                           |
| <b>Skin contact</b> | Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. If skin irritation persists, call a physician.                                        |
| <b>Inhalation</b>   | Move to fresh air. If breathing is difficult, give oxygen. Artificial respiration and/or oxygen may be necessary. If breathing has stopped, contact emergency medical services immediately. |
| <b>Ingestion</b>    | Rinse mouth. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Drink plenty of water. Call a physician or Poison Control Center immediately.                   |

**Most important symptoms/effects, acute and delayed**

|                      |                                                                                                                                                        |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Main Symptoms</b> | Causes skin and eye irritation. Irritating to respiratory system. May cause drowsiness or dizziness. Harmful or fatal if swallowed and enters airways. |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------|

**Indication of immediate medical attention and special treatment needed, if necessary**

|                           |                        |
|---------------------------|------------------------|
| <b>Notes to physician</b> | Treat symptomatically. |
|---------------------------|------------------------|

**5. FIRE-FIGHTING MEASURES**

**Suitable Extinguishing Media**

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Unsuitable Extinguishing Media** Decomposition by contact with water may generate vapors which can be ignited by heat or open flame.

**Specific hazards arising from the chemical**

No information available.

**Explosion Data**

**Sensitivity to Mechanical Impact** none.

**Sensitivity to Static Discharge** none.

**Protective Equipment and Precautions for Firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

**6. ACCIDENTAL RELEASE MEASURES****Personal precautions, protective equipment and emergency procedures****Personal precautions**

Avoid contact with eyes. Avoid breathing vapors or mists. Contents under pressure. Do not puncture or incinerate cans. Do not stick pin or any other sharp object into opening on top of can. Avoid skin contact. Use with adequate ventilation. Keep container away from heat, flames, and all other sources of ignition. Keep can away from all sources of electricity such as electric motors and batteries. Do not spray on hot surfaces.

**Environmental precautions****Environmental precautions**

Beware of vapors accumulating to form explosive concentrations. Vapors can accumulate in low areas. Prevent further leakage or spillage if safe to do so. Do not allow material to contaminate ground water system. Prevent product from entering drains.

**Methods and materials for containment and cleaning up****Methods for Containment**

Absorb with earth, sand or other non-combustible material and transfer to containers for later disposal. Prevent further leakage or spillage if safe to do so.

**Methods for cleaning up**

Pick up and transfer to properly labeled containers. Soak up with inert absorbent material. Clean contaminated surface thoroughly. After cleaning, flush away traces with water. Prevent product from entering drains. Take precautionary measures against static discharges.

**7. HANDLING AND STORAGE****Precautions for safe handling****Advice on safe handling**

Handle in accordance with good industrial hygiene and safety practice.

**Conditions for safe storage, including any incompatibilities****Technical measures/Storage conditions**

Keep container tightly closed in a dry and well-ventilated place. Keep away from open flames, hot surfaces and sources of ignition. Keep out of the reach of children. Keep in properly labeled containers. Store locked up.

**Incompatible products**

Strong acids, alkalis, or oxidizing agents.

**Aerosol Level**

3

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION**

**Control parameters****Exposure Guidelines**

This product does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

| Chemical Name                            | ACGIH TLV                                                                     | OSHA PEL                                                                                                                                                                                               | NIOSH IDLH                                                                                                                                                                               |
|------------------------------------------|-------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

ACGIH: (American Conference of Governmental Industrial Hygienists)

OSHA: (Occupational Safety & Health Administration)

**Exposure controls****Engineering Measures**

Showers  
Eyewash stations  
Ventilation systems.

**Individual protection measures, such as personal protective equipment**

**Eye/Face Protection** Safety glasses with side-shields.

**Skin and body protection** Chemical resistant apron. Protective gloves.

**Respiratory protection** If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations.

**Hygiene measures**

Handle in accordance with good industrial hygiene and safety practice.

**9. PHYSICAL AND CHEMICAL PROPERTIES****Physical and chemical properties**

|                                        |                          |                          |                          |

| Partition coefficient: n-octanol/water | No information available |                          |                          |
| Autoignition temperature               | No information available |                          |                          |
| Decomposition temperature              | No information available |                          |                          |
| Viscosity                              | No information available |                          |                          |
| Explosive properties                   | No information available |                          |                          |

Other information

VOC Content(%) 95

**10. STABILITY AND REACTIVITY**Reactivity

No data available

Chemical stability

Stable under recommended storage conditions.

Possibility of hazardous reactions

None under normal processing.

Conditions to Avoid

Extremes of temperature and direct sunlight.

Incompatible Materials

Strong acids, alkalis, or oxidizing agents.

Hazardous Decomposition Products

None known based on information supplied.

**11. TOXICOLOGICAL INFORMATION**Information on likely routes of exposure**Product Information**

|              |                                                                                                                                                                                        |
|--------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Inhalation   | Vapors may irritate throat and respiratory system. May cause drowsiness and dizziness based on components. May cause irritation of respiratory tract. Avoid breathing vapors or mists. |
| Eye contact  | Irritating to eyes. Avoid contact with eyes.                                                                                                                                           |
| Skin contact | Irritating to skin. Repeated exposure may cause skin dryness or cracking. Prolonged skin contact may defat the skin and produce dermatitis. Avoid contact with skin.                   |
| Ingestion    | May be harmful if swallowed. Aspiration into the lungs during swallowing may cause serious lung damage which may be fatal.                                                             |

**Component Information**

| Chemical Name                       | LD50 Oral            | LD50 Dermal             | LC50 Inhalation         |

| PETROLEUM DISTILLATES<br>64742-47-8 | > 5000 mg/kg ( Rat ) | > 2000 mg/kg ( Rabbit ) | > 5.2 mg/L ( Rat ) 4 h  |

Information on toxicological effects

**Symptoms** Symptoms of overexposure may be headache, dizziness, tiredness, nausea, and vomiting. Causes eye and skin irritation. May cause respiratory system irritation. Aspiration into the lungs during swallowing may cause serious lung damage which may be harmful.

Delayed and immediate effects as well as chronic effects from short and long-term exposure

|                           |                                                  |
|---------------------------|--------------------------------------------------|
| Skin corrosion/irritation | Irritating to skin.                              |
| Eye damage/irritation     | Irritating to eyes.                              |
| Irritation                | Irritating to eyes, respiratory system and skin. |
| Sensitization             | None known.                                      |
| Germ Cell Mutagenicity    | None known.                                      |

|                                                                    |                                                                                                 |
|--------------------------------------------------------------------|-------------------------------------------------------------------------------------------------|
| <b>Carcinogenicity</b>                                             | There are no known carcinogenic chemicals in this product.                                      |
| <b>Reproductive toxicity</b>                                       | Product is or contains a chemical which is a known or suspected reproductive hazard.            |
| <b>Specific target organ systemic toxicity (single exposure)</b>   | May cause respiratory irritation. May cause drowsiness and dizziness.                           |
| <b>Specific target organ systemic toxicity (repeated exposure)</b> | May cause damage to organs through prolonged or repeated exposure.                              |
| <b>Neurological effects</b>                                        | Intentional misuse by deliberately concentrating and inhaling contents may be harmful or fatal. |
| <b>Aspiration hazard</b>                                           | May be fatal if swallowed and enters airways.                                                   |

**Numerical measures of toxicity - Product Information**

The following values are calculated based on chapter 3.1 of the GHS document .

|                         |            |
|-------------------------|------------|
| ATEmix (dermal)         | 7908 mg/kg |
| ATEmix (inhalation-gas) | 62500 mg/l |

**12. ECOLOGICAL INFORMATION****Ecotoxicity**

| Chemical Name                       | Toxicity to algae | Toxicity to fish                                                                                                                                  | Toxicity to microorganisms | Toxicity to daphnia and other aquatic invertebrates |

#### U.S. Federal Regulations

##### SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372.

##### SARA 311/312 Hazard Categories

|                                   |     |
|-----------------------------------|-----|
| Acute Health Hazard               | Yes |
| Chronic Health Hazard             | Yes |
| Fire Hazard                       | Yes |
| Sudden Release of Pressure Hazard | Yes |
| Reactive Hazard                   | no  |

##### Clean Water Act

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42).

##### CERCLA

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

#### U.S. State Regulations

##### California Proposition 65

This product does not contain any known Proposition 65 chemicals.

#### U.S. State Right-to-Know Regulations
